

TANNER BRASS

District 2 | Hampton, IA

Tanner farms on his family farm in and around Franklin County. There, they grow corn, soybeans, and alfalfa. He also completes some custom farming.

Tanner has been very involved on the farm since a young age. He started as his “Father’s shadow”, and the rest was history. He grew up with hogs, cattle, and on a row crop operation. He eventually discovered that the equipment side of farming was his sweet spot.

Tanner joined the Franklin County Farm Bureau Board in 2017 and became their board secretary. He is currently serving as the Vice President and has plans to move into the President role when the opportunity arises. In addition to spending time volunteering, he has attended most Young Farmer events since before he was on the board and was a Young Farmer leadership winner in 2022.
